

Candle Making, Surf Making French Fries Making

Vocational and Technical Education, for unemployed rural poor, is the key to income generation and better employment opportunities. Recent experiments in the developing world have proved that employable technical skills have a positive impact on the economic growth rate.

Vocational, Technical and Education Center (VTEC) is an innovative initiative of IRM as it imparts market driven technical skills to the underprivileged rural community and empower them economically. With the establishment of 6 zonal VTECs (see vtec.edu.pk) IRM trains young women and men into professionally equipped craftsmen. In line with this connection, IRM-VTEC Jamshoro is pleased to offer Short Courses to Promote Home Based Rural Economy in different trades given below:

S #	Trade Name	Gender	Duration	Type
1	Surf Making	Men/Women	5 Days	Field Based
2	French Fries Making	Men/Women	5 Days	Field Based
3	Candle Making	Men/Women	5 Days	Field Based
