

Case History of Shoaib Akhtar

23 years old Shoaib Akhtar S/O Muhammad Husain Sheikh is a resident of Dudniyal and has a large family of 11. His father works as a daily wage laborer in the village. Due to his family's poor financial situation, he could not complete his education. Instead of going to school, Shoaib used to help his father in supporting his family.

Shoaib had been looking for training opportunities which would help him in getting a job and starting a decent livelihood. He came to know that DDO in collaboration with USAID was providing training on waitressing and cooking. He applied for the training and got selected. He attended training on Waitressing & Housekeeping, which was a fully funded 23 days training.

At the end of the training, he acquired skills that enabled to secure a job at Mir Continental Hotel as a waiter with a salary of Rs. 9000 plus tips.

"I thank USAID and American people for their generous support and providing with this opportunity" says Shoaib.
